**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

My husband and I are very happy customers of Sonic.net. Therefore I'm very concerned that AT&T might take away their access to unbundled network elements, and that we might therefore have to find another solution for our internet and landline access. Sonic is great. They have good support. I like the way I have email available online, but can also download it to my computer. I trust in their integrity, and that they support their customers as well as they can.

It's important to encourage competition in internet and phone services. Please don't make it harder for a good company like Sonic.

Thank you,

Elaine Cook
